A HISTORY OF CIVILISATION IN ANCIENT INDIA

BASED ON SANSKRIT LITERATURE

by

ROMESH CHUNDER DUTT

The History of Ancient India is a history of thirty centuries of human culture and progress. It divides itself into several distinct periods, each of which, for length of year will compare with the entire history of many modern people. The learned Author has explained clearly, concisely, and distinctly each phase of Hindu civilisation and Hindu life in Ancient times.

CULTS, CUSTOMS & SUPERSTITIONS OF INDIA

by

JOHN CAMPBELL OMAN

The Indian people belong to many races—Aryans, Dravidians and Mongols and combinations of these. Most Indians are of mixed race. Among them are adherents of nearly all religions—Hindus, Muslims, Christians, Buddhists, Jews, Sikhs Parsis, Jains, and others. The author has, in this book, detailed numerous cults, strange beliefs, superstitions and popular delusions among all Indian religions.

The author has striven, to the best of his ability, to be scrupulously impartial in his judgements of the character and institutions of the interesting peoples about whom he has written.

The book is divided into four parts. Part I is devoted to religious and sectarian matters; Part II is devoted mainly to fairs and festivals; Part III to certain aspects of domestic life among the common people, and Part IV to curious beliefs and superstitions.

The inclusion of numerous Illustrations is intended to elucidate the text.
